

The goal of the 403bwise district plan rating project is to shine a spotlight on K-12 403(b) and 457(b) vendor lists. Our ultimate objective is for every K-12 employee to have access to both unbiased information (read: no sales agents trawling teacher lounges and email in boxes), and to have at least one quality, low-cost investment choice.

May 2022 Update: “A” Districts

There are currently 116 districts in our database that have earned an “A” rating. More than half of these are in Wisconsin.
